

# Herrington on the Bay

Beautiful Events... Naturally.

*"Our wedding at Herrington on the Bay was everything we ever dreamed of, and more!"*  
*Kelly Dzendzel & Cory Hoffman*

For Kelly Dzendzel and Cory Hoffman of Washington DC, it was "love at first sight" when they arrived at Herrington on the Bay.

"It was the first place we visited, and we just fell in love with it. We signed the papers right there. We knew we didn't have to look anywhere else," says Kelly.

Cory wanted his wedding on the water. Kelly and Cory are both from Pennsylvania, so they wanted a location their families could easily drive to and stay on-site. Herrington on the Bay fit their requirements perfectly.

"We were able to 'take over' for the entire weekend. Everything we needed was there: our wedding, our reception, Mangos (restaurant), and the majority of our guests stayed at the Herrington Harbour Inn. It was just right for us," Cory says.

Their ceremony was held at the Herring Bay Bridal Garden, overlooking the Chesapeake Bay. They invited about 100 guests, who repeatedly complimented the couple on the natural beauty of the surroundings.

"We have phenomenal photos! There are so many distinctive locations for pictures: the bay, piers, the beach, the waterfall, and beautiful landscaping," Kelly adds. "We have such great memories and love looking at our photos."

The couple raves about the food. "We chose the Herrington Signature Crab Dip as the appetizer for our reception, and for entrees, Filet Mignon and Chicken Piccata. The service was fabulous, especially our bartender. Everyone was wonderful!" Kelly says.

"I'm very detail-oriented. I worried about everything and they were always right there to help us out. They were spot-on perfect! And the value for the price was exceptional, too. We feel we got so much bang for our buck, and could not have done better anywhere else," Kelly explains. "The people at Herrington are just amazing!"

One of Kelly's best memories is how her grandparents enjoyed Herrington on the Bay. "They were able to sit on their porch (at Herrington Harbour Inn) and watch everything and enjoy the beautiful bay. Everyone was so nice to them. They said they had never had more fun in their entire lives!"
